RTO No. 31452

Welcome to Racing Careers SA

Thoroughbred horse racing is a global industry, and one of the most popular spectator sports in Australia!

Racing provides a broad range of career pathways and is a diverse and exciting industry to be involved in.

Whether you're interested in being hands on with horses, working outdoors or looking to pursue a profession that can take you overseas - there's a role within the industry that can meet your requirements. From horse trainer, jockey, trackrider, stablehand all the way through to marketing & racing administrators or race callers - there's a job for everyone in racing.

About

Clare Lindop
Industry Development
and Training Officer

As a former stablehand, apprentice jockey, trackwork rider, jockeys association director and Group 1 winning jockey, Clare has extensive knowledge and experience in the industry and what it takes to have a successful career in racing.

Qualifications

Racing Queensland RTO No. 31452 working collaboratively with Racing SA deliver qualifications:

“On-the-job”

RGR30218 Certificate III in Racing (Stablehand) - Traineeship

Students need competencies to work in a stable. Theory includes interpreting information, education in horse breeding, nutrition, equine anatomy and physiology. Practical tasks include daily stable routines and provide racehorse care and exercise.

RGR30518 Certificate III In Racing (Trackwork Rider) - Traineeship

Students need competencies to work in a stable. Daily stablehand routine tasks with focuses on developing riding skills and fitness to exercise racehorses at various paces; and implement the Racehorse Trainers instructions. Reporting on horse behaviour, performance and health.

RGR40118 - Certificate IV in Racing (Racehorse Trainer)

Focuses on training students in the various aspects of horse care, racing industry operations, and the development of racehorses to compete at their best potential. The course aims to equip students with practical expertise and theoretical understanding essential for racehorse training.

RGR40221 Certificate IV in Racing (Jockey)

This qualification reflects the role of individuals licensed to perform the role of a jockey to compete in the industry-regulated thoroughbred racing code. Jockeys are independent professional athletes who ride racehorses at race meetings, barrier trials and trackwork. Most are independent contractors offering their riding services to compete in the racing industry regulated race meetings, with some retained by racing stables.
