TRSA OFFICES - MONDAY, 25 NOVEMBER 2019

Stewards inquired into the substances *Benzoyllecgonine and Ecgonine methylester* being detected in a urine sample provided by licensed Permit Trainer Mr. Scott Trenowden following him handling horses at Morphettville track work on Monday, 21 October 2019.

Evidence was taken from Mr. Trenowden and a report provided by Racing Analytical Services Limited was considered.

After considering the evidence, Mr. Trenowden pleaded guilty to an offence under AR140(1)(a) in that the sample he provided contained *Benzoyllecgonine and Ecgonine methylester*, substances banned under AR137(1). His license was suspended from Friday, 8 November 2019, the date on which he was stood down from all horse handling activities following notification of the irregularity, until midnight Sunday, 8 March 2020; a period of four (4) months, on the proviso that he provides a clear sample prior to resuming horse handling activities. In assessing penalty the Stewards took into account Mr. Trenowden's clean record, his long standing involvement in the industry and his personal circumstances.

Scott Trenowden was advised of his right of appeal.
