

THOROUGH
CARE SA

Senior Appreciation Support Pack

Thorough Care SA with the support of Hygain, are continuing the support of 'experienced' thoroughbreds with the introduction of the new Thorough Care SA Thoroughbred Appreciation Support Pack.

Eligible to owners of thoroughbreds aged 12 years and older, who have owned the thoroughbred for a minimum of 4 years domiciled in South Australia. The Thoroughbred Appreciation Support Pack will include a number of supplements and feed to help ensure your experienced thoroughbred has all the nutritional goods they need to thrive.

Thoroughbred Appreciation Support Pack includes:

Hyaglyde 1lt (100 Doses)

An oral form of Hyaluronic Acid to provide comfort and lubrication to joints. 10ml per day provides 150mg of high molecular weight HA which has been found to be effective at treating joint wear and tear and the quality of synovial fluid. Suggested dose is 20ml per day for 7 days and 10ml per day thereafter.

Curculain Pro 500ml (100 Days)

A powerful combination of 3 naturally derived antioxidants to effectively tackle oxidative stress and so relieve pain and inflammation. This product has been used for many years in the rehabilitation of hundreds of horses recovering from tendon, suspensory and other soft tissue injuries. Suggested Dose of 10ml per day for 7 days and then just 10ml every second day.

Flexion (60 Doses)

A concentrated source of Glucosamine Hcl, Proline, MSM, Vitamin C and other minerals to assist in the nourishment of cartilage and joints. Suggested dose of 20g per day for general joint maintenance and care.

Tru Care

Higher protein and fat, medium starch extruded nut for excellent conditioning. May be soaked for horses with poor dentition and boasts high levels of Vitamin E, selenium, zinc as well as Glucosamine Hcl and Yucca for healthier joints.
