Subsequent to the declaration of correct weight, Stewards, whilst reviewing the official vision, identified that the barrier of ZEYDANA (T. Despite T. Voorham being unaware of the issue on this occasion she was reminded of her obligations, and the importance of, reporting to the Stewards as soon as practicable anything which might have affected the running of a horse in a race in accordance with AR114(2). Evidence was also taken from the official Starter, who advised that from his side on position he was unaware that the barrier of ZEYDANA was fractionally slow to open, and for this reason he had not made a request to Stewards for correct weight to be delayed to enable the start to be reviewed.
