

THOROUGHBRED RACING SA LIMITED

ADDITIONAL STEWARDS' REPORT – ERASET, EMPRESS ROCK, CORNELL & TABULATED

MORPHETTVILLE – SATURDAY, 28 APRIL 2012

RACE 1 : SCHWEPPE'S AGRUM HANDICAP - 1600 metres

Mr. D. O'Brien, the Trainer of ERASET, has advised TRSA Stewards that gelding had returned to his Melbourne stable in good order and appeared to come through the run without undue affect. He stated that although he had attempted to have ERASET ridden more positively in the race, the gelding needed cover to perform and was unsuited running outside the leader. Mr. O'Brien added that ERASET had accepted for a race at Flemington on Saturday and, if it continued to please him, would start in that race.

RACE 5 : SCHWEPPE'S OAKS (REGISTERED AS AUSTRALIAN OAKS) - 2000 metres

Mr. R. Fleming, Melbourne Foreman for Trainer Mr. J. B. Cummings, has advised that subsequent to EMPRESS ROCK racing on Saturday, the stable had concluded the filly has had enough this preparation and has been sent for a spell.

He added that in future preparations EMPRESS ROCK would likely concentrate on races up to 1600 metres.

RACE 6 : CHAIRMAN'S STAKES - 2000 metres

Mr. A. Freedman, the Trainer of CORNELL, has confirmed that subsequent to racing on Saturday the gelding had pleased the stable and would take its place in the Centrebet Derby.

RACE 7 : SPORTINGBET CLASSIC - 1200 metres

Mr. J. O'Connor, the Trainer of TABULATED which performed poorly in this race, has advised Stewards that on Monday that mare had undergone an extensive veterinary examination including an endoscopic examination, which revealed no apparent normalities. Mr. O'Connor stated that TABULATED had done well in the stable post race and it was his intention to trial the mare at Morphettville on Monday 14 May 2012 prior to considering its next start.
