After leaving the crossing in the vicinity of the 1800 metres ST IVES (NZ) (J Bowditch) raced keenly for a short distance.

Inside the 1000 metres ST IVES (NZ) (J Bowditch), which was inclined to race keenly, shifted away from the heels of TEXAN WARNEY (Jordan Frew) and as a consequence BACCHUS EAGLE (J Holder) was forced to steady off its heels and in doing so, brushed DAYDREAM CHARLIE (J Potter).

Near the 400 metres TEXAN WARNEY (Jordan Frew) was forced to check when tightened for room by ST IVES (NZ) (J Bowditch) which rolled in as it commenced to give ground.

Inside the 200 metres LANGRIDGE STREET (D Gauci) and AKZAR (IRE) (D Tourneur) brushed on several occasions.

RACE 2 : DARLEY HANDICAP - 1950 metres (continued)

TEXAN WARNEY was examined by the Club's Veterinary Surgeon who reported no visible abnormalities.

RACE 3 : ADELAIDE CASION HANDICAP - 1300 metres

On jumping away KARACATIS (P Gatt) and SERBIAN CROWN (T Pannell) brushed.

In the vicinity of the 1000 metres ZEN (A Herrmann) got its head up and raced ungenerously for a short distance.

From the 400 metres until the vicinity of the 300 metres ALCHEMY'S EIGHT (Jordan Frew) had difficulty in obtaining clear ground.

M Pegus, the rider READY TO REEL, reported the gelding had been inclined to lay in throughout the event.

J Holder, the rider of MAGAREY MISS, reported that from the 400 metres he had difficulty maintaining the back of ZEN (A Herrmann) and as in his opinion the filly was reluctant to stretch out, he had not continued to persist in his riding of the mare. MAGAREY MISS was examined by the Club's Veterinary Surgeon who reported no visible abnormalities.

C Robertson, the rider of RED DRESS MARLEY, explained he had been instructed to settle as close to the pace as possible without pushing the filly off the bridle. He said he was satisfied he was able to fulfil those instructions and that RED DRESS MARLEY had travelled well until entering the straight, when it was momentarily brushed by SERBIAN CROWN to its inside and READY TO REEL from its outside after which RED DRESS MARLEY had not been genuine. He added the filly was disappointing in the manner it finished the race. RED DRESS MARLEY was examined by the Club's Veterinary Surgeon who reported the filly to be lame in near hind leg. Mr R Smerdon, the Trainer of RED DRESS MARLEY, was advised a Veterinary Certificate of Fitness would be required prior to presenting for a future trial or race.

M Pegus, the rider of READY TO REEL, which settled more forward than in recent starts, explained that up in distance he had expected the gelding to settle fourth or fifth, however he had been unable to do so and was forced to race three-wide. He stated that as his mount had been inclined to lay in he felt his best option, considering the speed, was to roll forward. He further stated that from the vicinity of the 200 metres and given the extent his mount was laying in, he had not ridden out of concern for the two riders to his inside. READY TO REEL was examined by the Club's Veterinary Surgeon who reported a minor cut to mouth, otherwise no visible abnormalities. Mr L Kavanagh, foreman for Trainer Mr M Kavanagh, undertook to have READY TO REEL undergo a post race examination and report any abnormalities. Mr Kavanagh also confirmed that READY TO REEL would now be spelled.

RACE 3 : ADELAIDE CASION HANDICAP - 1300 metres (Cont'd)

Mr L Kavanagh was advised that in consideration of READY TO REEL's manners in this race and the inability of a senior rider to appropriately test the gelding it would be required to perform to the Stewards satisfaction in an official trial prior to accepting for a future race.

RACE 4 : BOAG'S DRAUGHT HANDICAP - 1400 metres

After arrival on course SARCASM was examined by the Club's Veterinary Surgeon who reported the gelding was exhibiting signs of an abscess in its off foreleg. Acting on this advice Stewards withdrew SARCASM at 12.09pm. C Robertson , the rider of MOTTO'S GEM, reported that when under pressure in the straight he had become concerned with the mares action. MOTTO'S GEM was examined by the Club's Veterinary Surgeon who reported the mare to be lame in the near foreleg. Mr S Mott, the Trainer of MOTTO'S GEM, was advised a Veterinary Certificate of Fitness would be required prior to presenting for a future trial or race.

RACE 5 : SPORTINGBET HANDICAP - 1250 metres

AVIONICS (D Tourneur) knuckled as the gates opened.

J Beriman, the rider of TIME MATTERS, which settled more forward than at its recent starts in this distance range, explained that she had been instructed to attempt to lead if possible or sit outside the lead, however if there was abundant speed to sit behind the pace. She stated that shortly after the start she had given TIME MATTERS a dig and had been surprised at the pace the gelding showed. She said the gelding had travelled well until entering the straight when under pressure it made a short run and thereafter, in her opinion, may not have appreciated the firm going. Mr D Weir, the Trainer of TIME MATTERS, confirmed that he had instructed the apprentice to go forward and, although he had emphasised to use the inside barrier, was surprised to see TIME MATTERS lead. Stewards advised Ms Beriman her explanation would be noted.

When questioned as to her reasons for improving from the 800 metres, M Walters, the rider of LIKABLE WILL, explained that she had been instructed to attempt to roll forward, to sit third and, if possible, to lead into the straight as the gelding had previously been successful when ridden in this manner. The rider stated that the speed of the race had surprised her and LIKABLE WILL had been unable to be further forward as instructed. After being unable to obtain cover from the 800 metres she had elected to roll forward to obtain a position nearer to the fence. M Walters added that LIKABLE WILL had responded to her riding in the early stages of the straight but its run had ended approaching the 100 metres. Stewards advised M Walters her explanation would be reported.

RACE 6 : ADELAIDE GALVANISHING HANDICAP - 1250 metres

SCHOORWIN (D Gauci) reared as the gates opened.

In the early stages of the event PROTECTOR (J Toeroek) was inclined to race keenly.

At the entrance to the straight ZAAMMISSION (J Holder) shifted out taking KOSCIUSZKO'S SIDE (J Bowditch) out onto LADY DYNAMO (D Tourneur) which was forced to check when tightened for room by PROTECTOR (J Toeroek) which shifted in. J Holder was advised of his responsibilities when shifting ground in future. J Toeroek was severely reprimanded and advised that in similar circumstances in future he would be expected to make an effort to relieve the pressure to riders to his inside.

Correct weight for this event was delayed to permit J Holder, the rider of the second placegetter ZAAMMISSION, to view the official vision in the straight.

When questioned about the circumstances which saw ROCCIN JO settle outside the leader, J Rule explained that in discussions with the Trainer, Mr D O'Leary who wasn't present today, he was informed that the mare would be fresh and may race on the pace. He stated that despite these comments he was surprised that ROCCIN JO had put itself outside the leader without effort. He stated that having regard to the manner the mare had pulled up in his opinion ROCCIN JO would be improved by the run. Mr D O'Leary, the Trainer of ROCCIN JO, when contacted by phone, confirmed the discussion with the rider and that he considered the mare being fresh could race on the pace. Mr O'Leary commented that in races interstate ROCCIN JO had performed well when ridden forward. The Trainer stated that during the previous week ROCCIN JO had missed work due to a suspected abscess in its near fore hoof. Mr O'Leary added that he felt ROCCIN JO was fit enough for this race however admitted that, although the mare had as usual galloped on both Monday and the Wednesday prior to the race, the work might have been conservative. The Stewards adjourned the inquiry to a date to be fixed to enable them to review the betting on the event and ROCCIN JO's previous performances.

SEA TRYST was examined by the Club's Veterinary Surgeon who reported no visible abnormalities.

RACE 7 : JANSZ HANDICAP - 1400 metres

On jumping away LET GO JOHNNY (M Tyndall) shifted out onto ACE OR JOKA (S Cahill), which was inconvenienced.

LUVBITE (D Tourneur) jumped away awkwardly.

GOONDI (J Holder) raced wide without cover throughout the event.

Inside the 300 metres MISTER FARINELLI (A Patterson) commenced to ease the gelding out of the event. A Patterson explained he felt there was something amiss with the gelding and although his intent was to ease MISTER FARINELLI from the event he was surprised the gelding had pulled up of its own accord. Mr D Kolpin, the Trainer of MISTER FARINELLI, was advised to report any abnormalities that became apparent post race and in the event that nothing was found amiss with the gelding it would be required to perform to the Stewards satisfaction in an official trial prior to accepting for a future race.

After entering the straight until inside the 200 metres FOODEATER (C Robertson) and MONTJEU MADAME (NZ) (D Holland) were unable to obtain clear ground.

In the vicinity of the 600 metres, when being restrained, KATE'S DREAM (A Patterson) was inclined to get its head up and be ungenerous.

D Tourneur, the rider of ROLL THE DICE, which had settled more forward in recent starts, explained that he had expected the mare to settle in a similar position in this race. He stated ROLL THE DICE had not shown its usual speed early and was off the bit chasing throughout the race. D Tourneur added that in the straight ROLL THE DICE had only battled under pressure and uncharacteristically had not finished off the race. Trainer, Mr J Stephens, will be required to provide the results of a post race veterinary examination.

BUSTER TYPHOON was examined by the Club's Veterinary Surgeon who reported the gelding to be lame in the off hind leg. Ms T Hawkins, representing Mr L Murray the Trainer of BUSTER TYPHOON, was advised a Veterinary Certificate of Fitness would be required prior to presenting for a future trial or race.

Ms Hawkins was further advised that having regard to the poor performance of BUSTER TYPHOON in this race and its most recent performances if the gelding was similarly uncompetitive in future starts action may be taken against it.

GENERAL:

RACE 4 : BOAG'S DRAUGHT HANDICAP - 1400 metres

Mr D Carrison, the Trainer of FIGHTING FURY, was questioned regarding that gelding being presented with a heart bar plate on its off fore, which had not been notified to as the gelding approved gear. Mr Carrison advised the plate had been fitted following FIGHTING FURY'S race at Balaklava on the 9 May when an examination had indicated the forming of an abscess in its hoof. He stated that the plate had been inadvertently left on by his farrier. When questioned, Mr Carrison said he had not advised Stewards as it was his belief at the time the gelding would be retired. Shortly after the owners had advised him to direct the gelding to this race and he could offer no explanation as to why he had not reported the condition of the gelding, which became apparent subsequent to the Balaklava run.

After considering the Trainer's explanation, and the timeframe presented to them, the Stewards permitted FIGHTING FURY to run in the heart bar plate and admonished the Trainer for not being more professional. Mr Carrison was charged with a breach of ARR.140(b) in that he had failed to report a condition that might have affected the running of a horse in a race, he pleaded guilty and was fined \$200.
