CYCLONE THOMAS (M. Neilson) – rider explained his instructions were to allow the gelding to settle where comfortable, however, having regard for his and the Trainer's assessment and the likely pace in the event, they anticipated the gelding might be able to settle in a position mid-field. He added Mr Kent, Co-Trainer of CYCLONE THOMAS, instructed he should avoid racing on the fence as it was his view the ground on the fence may be inferior and to ensure he maintained the horse's momentum throughout the event as the gelding would be unlikely to finish the race off in the best possible fashion when ridden in a stop-start manner. M. Neilson stated the gelding did not begin on terms and as a consequence he was obliged to settle a little further back than intended. He maintained a position off the fence but in the vicinity of the 700 metres was off the bridle and despite encouragement the gelding only finished the race off fairly. Mr Kent confirmed the instructions provided and added the stable was confident about the gelding's chances in this event. A post-race veterinary examination revealed no visible abnormalities.
