Stewards questioned D. Tourneur into the instructions provided by Trainer Mr D. Jolly for this event. D. Tourneur explained that he had been advised that it was likely he would take up a position in the first third and if possible to attempt to obtain cover. He added jumping away well he was of the opinion that he would be caught four to five wide and for this reason had elected to allow his mount to stride forward and take up a position in the lead. Mr D. Jolly confirmed the instructions provided were that he expected the gelding to settle in the first third owing to the fact that MISTER ROCKSTAR was fresh, the addition of blinkers for today's start and the step up in distance. He stated that he was surprised the gelding had led. He added that in his opinion he had not changed the tactics but rather had expected the horse to race that way due to the reasons he provided. Stewards noted the explanation and advised Mr Jolly that he should be mindful of AR135A which related to horses being ridden in a different manner from how they were ridden at their most recent start. A post-race veterinary examination revealed the gelding to be lame in both hind legs. First aid administered. Veterinary Certificate of Fitness required prior to trial or race.

RACE 5 : RESOURCECO HANDICAP - 1550 metres

Stewards questioned Mr T. Jefferies, representing Trainer Mr D. Weir, in relation to him presenting VOODOO LAD into the parade ring for this race when JUSTA HINT had accepted for the event. In arriving at this penalty Stewards took into account that there was no intent on the part of Mr Jefferies and that he had been involved in the racing industry for approximately 40 years and had not committed an offence of this nature previously.
