ABOUT THE JOURNEY (NZ) – (M. Kelly) – jumped the eighth hurdle awkwardly.

SPYING ON YOU (NZ) (R. Cully) – jumped the eighth and tenth hurdles awkwardly.

HONEY STEEL'S GOLD (S. Pateman) – required resaddling on arrival at the barriers. Jumped the fourth, fifth and eighth hurdles awkwardly. S. Pateman explained the gelding was inconsistent in the manner in which it negotiated the hurdles during the event and whilst he and the connections anticipated it might be best suited to lead, in hindsight his view was the horse may have been better suited racing further back with cover. He added HONEY STEEL'S GOLD travelled well until near the 800m and thereafter did not finish the race off as expected and was disappointing in its performance. A post-race veterinary examination revealed an over-reach injury to the near fore heel and a minor laceration to the near fore cannon.

GRASSINI (B. Small) – jumped the eighth and ninth hurdles awkwardly. Jumped the tenth hurdle awkwardly and was eased out of the event. Rider explained the gelding travelled well until jumping the ninth hurdle and after jumping the tenth hurdle, he had become concerned with the manner in which the gelding was travelling and was concerned with the gelding's action and elected to ease GRASSINI out of the event. A post-race veterinary examination revealed no visible abnormalities.

Rider reported the gelding raced very keenly in the early and middle stages and inside the 1000m he elected to allow CLOUDSCAPE (IRE) to stride forward, however, inside the 800m the gelding commenced to weaken and he became concerned with the manner in which it was racing and eased it out of the event. Stewards questioned J. Toeroek, Mr. B. Hayes, representing Co-Trainers Mr. D. Hayes and Mr. T. Dabernig and Mr. D. Hayes, regarding the instructions provided in respect of today's race and also the instructions provided in relation to the gelding's previous starts in Victoria. J. Toeroek advised he had been instructed to allow the gelding to settle where comfortable without fighting it, which instructions were confirmed by both Messrs. B. & D. Hayes. Mr. D. Hayes also advised that having regard for the manner in which the gelding raced at its previous starts at shorter distances and the fact that it raced over 2044m in today's event, it could have been reasonably anticipated, having regard for the gelding's racing manners, that it may very well find itself in a more forward position in running. Whilst Stewards were satisfied that there were no clear instructions provided to J. Toeroek which were different to those provided to the riders at the horse's previous starts, they nevertheless reminded the stable of the provisions of AR135A and to be mindful that the instructions as provided today may have the potential for the stable to be in breach of this Rule.
